LETTER OF SUPPORT

August 17, 2021

The American College of Cardiology (ACC) is pleased to announce an agreement with MCI India to host an official "Best of ACC.21" meeting in Hong Kong in 2021. This is the first time that Best of ACC is being held and we are delighted to launch this new licensed program to help further disseminate education globally.

The Best of ACC.21 Program brings the leading peer reviewed science to optimize patient care and outcomes. The program offers licensed content to give cardiologists and the care team a comprehensive curriculum covering new developments in cardiovascular care and how they integrate into local practice.

These official Best of ACC meetings will present top rated content from the Annual Scientific Session's 10 Learning Pathways comprising of approximately 60 presentations chosen by a Hong Kong scientific committee based on need gap in a 2-day virtual format.

ACC would like to take this opportunity to encourage you to support the official Best of ACC meeting being held in Hong Kong in 2021. Best of ACC meetings are an excellent way to support local physicians with the latest clinical science and new developments in cardiology.

Any questions please do not hesitate to contact us.

Best regards,

Kat Niewiadomska, PhD
Director, Global Business Development
Global Innovation & Clinical Transformation Division

WELCOME MESSAGE

Dear Colleagues,

It is with pleasure that we cordially invite you to attend the 1st Best of ACC.21, Hong Kong which will take place on 23rd & 24th October 2021.

While the current pandemic and restrictions will continue to affect the way we meet and collaborate, keeping in mind the safety of our members, we have decided to formulate this educational activity in the form of a virtual experience and bring our community together.

The Best of ACC program is designed to further disseminate ACC annual meeting education amongst the doctors and other cardiovascular team members who desire to get the highlights of the ACC Annual Meeting.

The scientific program will be delivered by the international original speakers of the ACC Annual Meeting along with local faculty by providing education on topics relevant to you and your practice with an emphasis on optimizing clinical management.

Join us for an unforgettable personalized learning journey and learn from world-class experts, network with colleagues, visit the virtual exhibition, and access content online at your own pace.

We are proud to bring you an exciting educational opportunity in these challenging times – all in one place, at your own pace, keeping you safe.

Your Sincerely,

Dr Yuk-Kong LAU

OVERVIEW OF BEST OF ACC.21: VIRTUAL EVENT

Unified by our goal of transforming cardiovascular care & working towards the improvement of heart health of the population, The American College of Cardiology (ACC), The ACC Chapter Hong Kong and Hong Kong College of Cardiology are excited and overjoyed to announce our 1st Edition of Best of ACC.21 - Optimizing Heart Care Knowledge and Outcomes.

The Best of ACC.21 program is aimed to further disseminate education amongst the cardiologists and other cardiovascular team members to obtain the highlights of the ACC Annual Meeting and enable them to strengthen their clinical practice for better patient outcomes. Highlights will include sessions from top rated 72 presentations covering 11 learning pathways i.e., Electrophysiology, Heart Failure and Cardiomyopathies, Interventional and Structural, Pulmonary Vascular Disease, Vascular Medicine, Multimodality Imaging, Ischemic Heart Disease, Pediatric and Congenital Heart Disease, Prevention and Health Promotion, Global Health & Valvular Heart Disease. Expert faculties to place original research findings into clinical context and discuss how the results may change the current standard of care.

To ensure the safety of our community, we have decided to host our Best of ACC.21 as a 100% virtual model. We believe this decision will allow more people to participate from the convenience of their home or office. We have a great lineup filled with a combination of advanced learning experiences, engaging sessions, expert panel discussions, abstracts and more.

Strive to be your best and join us in our vision of a world where innovation and knowledge optimize cardiovascular care and outcomes.

PROGRAM HIGHLIGHTS

We are proud to bring you a full virtual live education program that is developed with local educational goals in mind. Some of the key program highlights include:

- Two days of virtual education program
- One educational track
- International presenters and regional experts
- Ten hours of scientific deliberation
- Ten learning pathway sessions

During the virtual conference, the delegates will experience the following:

1 Learn new trends, strategies, and tactics:

Up-to-date research along with current and emerging trends in cardiology research will be exclusively discussed in the conference. Do not let old and outdated information hold your back!

2 Gain global perspective:

Discuss, share, and critique the latest in cardiovascular prevention and care with global experts and return to your practice ready to improve the care of your patients.

3 Q&A sessions / panel discussion:

Every presenter will be provided with some time for Q & A /panel discussion after their presentation, wherein you may ask questions related to workflow challenges or seek advice on implementation of new techniques in your daily practice. Q & A sessions are always beneficial!

4 Share your thoughts:

Local learning designed to empower you to transform your community through topics such as highlighted original research to change your practice or the latest in acute coronary syndrome, heart failure, valvular disease, arrhythmia, and prevention.

5 Ignite conversation:

Network with faculty from leading cardiovascular societies in an intimate setting and create connections with colleagues through shared discussion and bi-directional learning.

LEADERBOARD FUNCTIONALITY

To ensure maximum engagement & footfalls, the leaderboard is devised to draw the delegates to the exhibition hall.

During the live conference, attendees can earn points and titles just by getting the most out of the meeting. The more active they are, the more points they get. Each day their points (along with their name) will be displayed on the **Best of ACC.21 leaderboard**. During the valedictory session the top point winners will receive awards.

— WAYS TO EARN POINTS —

The attendees who obtain the 2 highest point totals will receive a prize or, if there is no clear winner, a drawing will be conducted from the group tied for most points. The odds of winning a prize depend upon the number of individuals who participate in the contest and the activity of each participant.

*The point system is for reference purposes only
